Re: In the Matter of the Extradition of Wiesław Kozłowski, Mag.
No. 14-3225 (JBC)

Dear Judge Clark,

As you know, I represent Wiesław Kozłowski with respect to the above-referenced matter. As you also may recall, because of a lack of clarity, largely influenced by events in Poland, regarding what position may be most properly expressive of my client's fair best interests, you suggested you would be amenable to considering a rescheduling of the current date - December 5, 2014 - for my client to respond to the Government's extradition filing.

It remains uncertain whether a withdrawal of Poland's request or some other resolution helpful to my client may be accomplished, and it continues to be unclear whether I may have to travel to Poland in furtherance of my client's legitimate interests. Because of this, I am respectfully requesting a forty-five day extension of time to respond to the Government's filing. Because my client is in custody I believe there is no prejudice to the Government by this request.

Thank you for your courtesies and kind consideration.

Respectfully,

Hon. James B. Clark, III
